## GENERAL SAFETY INFORMATION

**WARNING: DISCONNECT POWER BEFORE SERVICING THIS EQUIPMENT.**

1. Follow local electrical and safety codes, as well as the National Electrical Code (NEC) and OSHA.
2. Comes with 6' power cable.
3. Protect power cable from coming in contact with sharp objects.
4. Do not kink power cable.
5. Do not allow power cable to touch oil, grease, hot surfaces or chemicals.
6. Make certain that the power source conforms to the requirements of the equipment.
7. Clean electrical equipment with approved cleaning agents, such as dry cleaning solvent.

## OPERATION

1. **SIMPLY PLUG IN** — shutter opens automatically. (When the unit is unplugged, the shutter automatically closes.)
2. For proper exhaust, a window, door or shutter should be opened on the opposite side of the area to be ventilated.
